

# Bouquet Care & Shipping

## Bouquet Care

For best results we should receive your flowers within 2-3 days of your event, until then...

- Keep your flowers cool and moist
- Spritz flowers with water
- Place a damp paper towel around stems
- Place in plastic bag
- Place Corsage and Boutonniere in separate ziplock bags with damp paper towels
- Keep flowers in refrigerator or cool place until delivery
- Most importantly - **DO NOT** allow your flowers to freeze!

For bridal bouquets, a pickup service is available with advance reservations for local clientele. A pickup fee will be applied to your order.

## Shipping Flowers

For orders outside the local Northern Colorado area, shipment of your flowers is necessary. With a 30 day advanced notification and deposit, a floral shipment kit will be sent to you with everything you need to return your flowers to us. For shipping arrangements, please contact us at (970) 223-3447 or toll free (866) 427-8542.

If you are outside this 30 day window or choose to arrange shipment yourself the following guidelines will ensure your flowers arrive in the best condition possible.

- Use a Styrofoam cooler with ice packs
- Tape ice packs to the bottom of the cooler
- Place a layer of packing material on top of the ice packs such as newspaper
- Place the bag of flowers in the cooler, handle side down
- Place packaging material lightly on and around the flowers to gently secure the flowers in place (Styrofoam peanuts or shredded packaging material work well)
- Place the cooler in a sturdy shipping box
